NO SUCH SUCCESS IN THE HISTORY OF LIFE insurance has ever been recorded as that attained by the MUTUAL RESERVE FUND LIFE ASSOCIATION. This Society is now but a little over three years old, yet in that short time has written 19,000 certificates of membership, and had in force on the first of the year £64,000,000 of insurance. In the plan of this Association the perfection of Life Insurance seems finally to be reached. We do not, as do the old line companies, charge upon an ASSUMED MORTALITY, and take from the policy-holder an amount so far in excess of the actual need to be put i to hig buildings; nor yet do we, as assessment companies have done hitherto and still generally do, charge so little as to render the payment of the full amount insured on each life at all precarious or doubtful. One-fourth of the sum collected at each assessment is set aside and deposited with a Trust Company under a deed of trust for the policy-holder. The sum so reserved now amounts to \$125,000, and is increased \$20,000 or \$30.000 at every assessment. By this method, which originated with this Society, the policy-holders are protected from injury by the lapses or withdrawal of the health; members, which will occur in every company, and the full payment of the whole amount of each and every certificate, be it for one or ten thousand dollars is made quite as certain, to say the least, as if, like some old-liners, we had charged two or three times as much money and used it to build enormous buildings and pay princely salaries.

WALKER'S, 204 love STREET NORTHWEST pany under a deed of trust for the policy-holder. The sum so reserved now amounts to \$125,000, and is increased \$20,000 or \$30 000 at every assessment. A Brutal Prize Fight. A REMARKABLE SCENE IN PITTSBURG-THE COMBAT ANTS CHERRED ON BY WOREN.

PITTSBUBG, PA., April 25.—One of the most remarkable prize fights that ever occurred in this city or vicinity took place last night at Arsenal park, between Bilson Jack and Jack Clifford, for \$100 a side. Previous to the battle a ball had been in progress in which over thirty young girls and several mothers, with infants in arms, were participants. When time was called, at 10:30, the women as well as the men crowded around the ring, and during the fight the former were most enthusiastic shouters for their respective favorites. The fight was with soft gloves to a finish, London prize ring rules. From the start Clifford, who displayed the most acience, had the best of it, and soon had the battle well in his hands. Bilson Jack fought savagely, however, and refused to give up until the islist round, when his friends interfered and the mill was awarded to Clifford. Both men were terribly punished. Bilson Jack had to be carried from the ring. A number of policemen watched the fight to the close without interfering. The battle lasted one hour and forty-five minutes. ANTS CHEERED ON BY WOMEN.

Suicide in Baltimore. BALTIMORE, MD., April 25.—Samuel Kupper-schmidt, from Cleveland, Ohio, reached this city last night en route for Germany, and lodged at the central police station. This morning he went to Fayette street bridge and jumped into Jones' Falls, where he was drowned. His body was recovered and \$100 was found on it.

NEW YORK, April 25, Wall street, 1:35 p. m.—The Post says: The prominent feature of the stock market this forenoon was the drop in Reading and Jersey Central, and the heavy selling of the former, which constituted nearly one-third of the total transactions on the board during the forenoon, and caused a decline of 3½ per cent in Reading to 41½, and 5½ in Jersey Central to 77. Another Letter from John A. Walsh HE REQUESTS CHAIRMAN SPRINGER TO EXAMINE SEC-RETARY CHANDLER ABOUT THE LETTER WRITTEN TO HIM BY THE ATTORNEY GENERAL. John A. Walsh, the star route witness, to-day sent to Chairman Springer, of the House committee on expenditures in the Department of Justice,

ago I respectfully suggested that the Hon. W. E. Chandler, Secretary of the Navy, be summoned to produce before your committee that letter written him by the Hon. Benjamin Harrison Brewster, Attorney General, in which appeared, as alleged by the accused friends of the Honorable Secretary of the Navy, certain strictures relating to me. In the interests of justice and good government I again request that you summon the gentleman to produce before your committee the said letter. I also have to request that you exempte the gentleman as to to request that you examine the gentleman as to how he came to receive that letter, and whether it was not written in response to his repeated solici-tations made to the Attorn General? servation in the southwestern section of the city, and which can never be improved so long as rail It is, perhaps, needless to assure you that I have no desire to destroy the robust efficiency of the Honorable Secretary as a witness for the defense, but I feel, in justice to myself, in justice to another gentleman and for the proper enforcement of the law, it would be well to enlighten the good people of the country as to how it came to pass that the road tracks run through it as at present. On the other hand, this depot would be convenient to the public, being at the intersection of eight streets and avenues, and no farther distant from the center of Honorable Secretary of the Navy became the happy possessor of a certificate of character signed by the Attorney General of the United States. Very respectfully, J. A. Walsh.

J. A. Walsh has been subposned to appear before Mr. Springer's committee next Wednesday.

He will not appear, however, until he has given his testimony in court in the Kellogg case. The Free Bridge Bill. DEBATE IN THE SENATE TO-DAY.

In the Senate this afternoon Mr. Riddleberger

made an argument in behalf of the free bridge bill. He said the people of Virginia are the only people of the United States who are compelled to pay toll to get to the national capital, and that they are required to pay the most exorbitant tolls known in the United States. He urged the passage of the bill.

Mr. Ingalls said that he opposed the bill in committee. He stated further that the parties interested and the Aqueduct bridge were now willing to make a good title to the government of that structure for \$85,000; the lessees had formally signified that and he regarded to both roads. MR. BLAIR'S EDUCATION AND LABOR BILLS. Mr. Blair, from the committee on education and Dr. C. P. Culver, on behalf of the citizens of South labor, reported favorably in the Senate to-day the Washington, was first heard. He not only protested against any and all measures contemplating the running of railroad tracks on Maryland and Virginia avenues, but insisted that the tracks now there and on 6th street shall be removed. He pointed out the inconvenience and annoyance to the residents in that vicinity because of the railroads, and said that the B. and P. road must "git up and git." He said that some of the best and prettiest thoroughfares of South Washington are now given up to railroad uses; that at all hours of the day and night engines are moving, trains being made up, and that the congregations of six or seven prominent churches are disturbed. The pupils are in danger of loss of life and limb in going to the public schools. The doctor eloquently pictured all the evils and annoyances the people wind appeal to Congress does not give the people relief they will take it. He did not want to threaten, but, said the have rights, and, knowing our rights, we dare maintain them." He said the people would appeal to Congress and to the courts, and if these resources failed them they would fall back upon the last resort of kings, "war." "If this be a threat," said the doctor, "make the most of it." Dr. Cuiver said that all the arguments used by the Pennsylvania Central against permitting the Baltimore and Ohlo to lay tracks on Maryland and Virginia avenues applied as strongly for the removal of those there now. as strongly for the removal of those there now. He said the removal of these tracks would enhance the price of property along the streets and avenues now used for railroads from 10 to 100 per cent.

Dr. Culver urged the adoption of the Morrill bill as the best solution of the question, and the one that would work less injury to property interests.

MR. CHURCH PAVORS THE MORRILL BILL.

Mr. C. B. Church, in behalf of the sub-committee on harbor improvements of the citizens' committee, and of others doing business on the water front, also recommended the Morrill bill. He referred to the protest of citizens originally against the use of 6th street for railroad purposes, and pointed out the evils that had resulted from the grant. He also pictured the annoyance to citizens along the railroad routes and the danger to property and life. He said that the only thoroughfare leading through direct from North Washington to deep water was practically shut off by railroad tracks; that ice wagons going from the river front into the heart of the city have to cross innumerable rallway tracks, and he had counted whole railway tracks, and he had

rows of teams stopped at a loss to business men by trains being across the streets. He de-clared that the Long bridge must be reconstructed if any river commerce is done here. Mr. Church . The new gymnasium of the Y. M. C. A. was opened for inspection to-day. It is very complete in every respect. The apparatus will be placed in position immediately upon arrival.

A certified copy of the will of the late Emilie. said that after years of effort the river channel is now being improved, but all the advantage will be lost or nullified if the Long bridge is to remain as it now is. He could not see why Congress should favor the railroads over the maritime interests here.

By locating the depot at this point the tracks would be removed from 6th street, restoring this street to its original use as a public highway, for which it is greatly needed, this being the only street leading to and through South Washington west of the bo-
